

A TYPICAL DAY OF CAMP

DAY TIME

Each day of camp provides a variety of safe and fun adventures!

8:30AM—OPENING CEREMONY

Each morning we meet with our counselors, raise the flag and get excited for the day ahead.

8:45AM—ICE BREAKERS

Each day we have ice breakers and games to get to know the other campers and make friends.

CAMP DAY: 9:00AM—3:30PM

Campers begin their adventure with a wide variety of small and large group activities, nature activities, arts & crafts, water fun, games, sports, special themed activities and more while growing as individuals! Mornings are so busy that we can't help but build up an appetite. Mid-day we'll kick back and relax by eating lunch and making new friendships out at the campsite.

Water fun begins after lunch with a jump in the swimming pool, swimming at the lake or enjoying a variety of water activities such as our slip n'slide, tubing in the river and much more! To end our day, campers will enjoy a snack and one last activity.

3:45PM—CLOSING CEREMONY

We round out our day with a closing ceremony: lowering the flag, a camp song and end of day reminders.

4:00PM—DEPARTURE

Each afternoon we say goodbye to our counselors and friends as we get picked up or head to the bus to go home and share our exciting camp day!

THURSDAY NIGHT SCHEDULE

6:30PM—FAMILIES ARRIVE & TOUR THE GROUNDS

7:30PM—PARENT PROGRAM STARTS

Each morning we meet with our counselors, raise the flag and get excited for the day ahead.

***Week 8 program will start at 7:00PM*

8:15PM—NIGHT ACTIVITY

Each day we have ice breakers and games to get to know the other campers and make friends.

9:00PM—CAMPFIRE & S'MORES

We round out our day with a closing ceremony: lowering the flag, a camp song and end of day reminders.

10:00PM—LIGHT'S OUT

Campers head off to bed and get plenty of sleep for the final day of our camp week!

NOTES

On Wednesday afternoon, campers participate in an all-camp game. Campers choose their own activity on Friday morning. Specialty camps may take off-site trips or require more time for instruction so the activity period in the morning may be longer. The rest of the daily schedule is adjusted accordingly.
