

REASONS TO BECOME A SUMMER CAMP COUNSELOR

CAMP FRIENDS ARE FOREVER FRIENDS

Not only would you be a respected staff member (assuming you do your job well!), the bonds you make in team building activities, spending an entire day having fun together creates friendships like no other setting. You can be yourself and expect to make friends with people who truly love you for who you are, and remain friends throughout the year and years to come. Whether it's forming a new camp squad or crew, or simply disconnecting from technology to have meaningful conversations while out on a hike, summer camp brings out the best in all of us.

IT'S THE BEST SUMMER JOB

Forget about busy nights waiting tables, mowing lawns or cleaning pools. A Summer Camp Counselor job is not only fun, but also provides you with real leadership skill building that prepares you for your future career. Team building, leadership, communication, accountability, problem solving and more. Not to mention the Camp Y-Koda also teaches lifeguarding, CPR, AED, First Aid training, Abusive Head Trauma Training, and more, skills that are invaluable and will help you for the rest of your life and for others.

CAMP WILL TRANSFORM YOU FOR THE BETTER

It's not just career skills that you'll learn, but being out at camp will make you happier, more relaxed, and also bolster your confidence and make you a more open person. With the sun shining down on you (not to mention giving you a great tan for the summer), there's nothing to fear and you have the whole summer to discover a new, improved version of you.

THINK OF THE STORIES YOU'LL TELL

Almost all good stories start with "This one time, at summer camp...". With field trips, new activities and plenty of silly folks all around, you'll be sure to have more than just a couple stories to tell when you're out with friends or family. Your experiences at camp will be nothing but fun and memorable!

YOU'RE BASICALLY A GIANT CAMPER, BUT YOU'RE GETTING PAID

If you love the great outdoors, having fun and being silly, being a Summer Camp Counselor is all that and more. You'll go on field trips, swim at the pool, play sports and games, hike through the woods, have fun team building activities and more!
