SHEBOYGAN COUNTY YMCA CHILD CARE

The YMCA provides safe, quality care for children at two locations in Sheboygan County. All YMCA Child Care programs are licensed by the State of Wisconsin. A copy of the rules and regulations is available for your review. **Our centers participate in the YoungStar program.**

The preschool programs have preschool and pre-kindergarten weekly themes with developmentally appropriate activities. The schedule varies by age and ability of the child and includes large group and small group activities and story time. Children participate in a physical activity every day, including gym and swim lessons and recreational swimming twice a week at the Sheboygan YMCA.

The grade school programs are open to children in kindergarten - grade 4 (age 13 at the Sheboygan YMCA) who attend school within Sheboygan County. Activities provide each child with age-appropriate experiences. The schedule may include arts and crafts, homework assistance, games or computer use. Children may also play in the gym, playground or park. All areas are supervised by child care staff. We offer before and after school care during the school year and full day care on days when there is no school and during the summer.

LEARNING FOR BETTER HEALTH SERIES

Age 18 & Older

In today's fast-paced world, we may leave the doctor's office after hearing health risks or diagnoses that leave us seeking our own answers from internet searches or word of mouth. Debunk health scares from questionable sources and get insight from an experienced professional in the medical field. Dr Robert Wenberg DO, will take time to explain various subjects such as osteoporosis, hypertension (high blood pressure), sleep disruptions/concerns, among others. Please note, this is not intended to replace your medical provider's advice, direction or diagnoses, but to offer answers to questions, enabling you to advocate for your health with your own provider. Dr Wenberg retired as a physician after 36 years in the family practice field. He is looking forward to continuing his purpose in retirement: offering education to our members and community. At the Falls YMCA we are excited to partner with him to offer this opportunity

PATTY'S STORY

Patty will be the first to tell you: She never exercised. But her mindset changed when she was recovering from breast cancer.

Knowing regular exercise is proven to improve survivorship outcomes, she enrolled in the Livestrong class at the Sheboygan County YMCA. The program was transformative, not just providing an exercise regimen designed for survivors but introducing Patty to a compassionate community that knew what each other was going through. She especially thanks her personal trainer Anthony Flores for helping her Livestrong. "I just feel like a whole different person," she said. "Livestrong has made such a difference in my complete life."

Wanting to empower others like herself, Patty trained to become an instructor of a Livestrong at the YMCA class of her own, which moved online to Zoom in 2020, their fitness efforts undeterred by the pandemic. She loved the community led by Carrie Green and Denise Nugent so much, she even began working at the Sheboygan YMCA's front desk. "I am such a promoter of the program," Patty said. She has even been known to keep Livestrong wristbands and brochures in the trunk of her car to encourage anyone she meets who has been affected by cancer.

In 2024, Patty commemorated a milestone: 20 years of survivorship. To celebrate this anniversary, she knew she had to do something big. Decked out in her Livestrong gear, she set out to climb Machu Picchu. At the top, everyone in the group explained what motivated them to get there. Patty said confidently: "I'm doing this because I am healthy because of Livestrong."

In two decades, Patty has had no cancer recurrence. She credits her health to staying active, going from never exercising to working out five times a week. "I am strong! I put my whole heart and soul into it," she said. "There are more people living from cancer compared to years ago."

Whether your goal is climbing mountains or simply enjoying everyday moments, Livestrong wants to help you regain your strength and vitality after cancer. Join survivors like Patty in reclaiming your health – it could be life-changing.
